
SUPPORT OUR STRIKE TO DEFEND USS

“As a retired member of UCU I sympathise very much with the members who are taking action in defence of their pensions.

It is good to know they are being supported by the University of Nottingham Student Union, who clearly recognise the commitment of the academic staff, many of whom already suffer from casualisation of their work.

No-one takes strike action lightly, and I hope the employers will take the strong vote in favour of action as a signal to return to the negotiating table.”

— Councillor Sally Longford
Wollaton East and Lenton Abbey Ward
